Mouth-Watering Ice Cold Watermelon!

What is Better in Hot Summertime?
(See Story and Pictures Page 4A)

Public Urged To Attend

Ground Breaking Ceremonies

Near Courthouse On July 27

State Road Department officials will cooperate with county, city and canal hazard committee members, when the groundbreaking ceremonies for the construction of the first guard rails along area canals is held here on Saturday, July 17.

The public is invited to attend the canal-side ground breaking ceremony at 11:30 a. m. A huge crowd is expected to show their appreciation for this first step in eliminating the many canal hazards of south Florida.

Plans for the roadside ceremony and the program for the luncheon at the local Holiday Inn were formulated by canal hazards committee members working with Carroll Lance, Director of Information and Research for the State Road Department.

According to Bill J. Bailey, Publicity Chairman for the event, State Road Board Chairman Floyd Bowen who is also the head of the State Chamber of Commerce, will represent Governor Haydon Burns.

Bowen will take part in the groundbreaking ceremony on Highway 441 in

Earwood Honored By Lions Club

Henry O. Earwood, Canal Hazard program chairman, was presented a plaque of appreciation from Belle Glade Lions Club "in recognition and appreciation of his outstanding accomplishments in the Canal Hazard Prevention program."

The canal guard rail program to get underway soon, which will extend into seven South Florida counties, was initiated as a result of efforts locally "to do something" about the extensive cost of lives and property due to unprotected highways bordered by canals in the Glades.

HENRY O. EARWOOD

Political Power Struggle Continues

By Rep. E. S. Roberts
It is quite possible that the public is tired of hearing about re-apportionment after a continuing decade for some ten years. Therefore, the adoption by the legislature last week of a plan was surprisingly anti-climatic. It was apparently a foregone conclusion that there had been a significant shift of power, to the hands of a new coalition in both the Senate and the House of Representatives.

After a century of control by rural counties, the collapse of their forces came suddenly and only after they became convinced that the Federal District Court meant to reorganize the Legislature shortly after July 1st. The plan of 109 House members and 58 Senators is undoubtedly the believed produced by a Florida Legislature in modern times. It does, however,

contain many inequities caused by gerrymandering of large & small districts in order to produce the necessary votes to pass the bill. The sufficient votes to produce a better plan was simply not there. It is rather tragic in a way that state members could not have had a higher priority than politics and self interest.

There still remains the question as to what the Federal Court will do. Several alternatives are possible. 1. Accept the plan as passed by the Legislature. 2. Accept the plan but order the Legislature to improve it during the 1967 Legislature. 3. Accept part of the plan and redistrict the inequitable districts by the court. 4. Reject the plan and submit a complete new court plan.

In any case the Legislature has established some guidelines for the court, namely holding the Legislature to small numbers. During most of its history the subject now that a plan has passed giving the urban counties the balance of power the Legislature always intended it mean to you as a citizen?

(1) More attention to the problems of cities, particularly the ones in population growth areas;

Soils Scientist Retires

Dr. R. V. Allison, whose research has turned the Everglades into a garden spot of Florida, retired June 30 following 39 years of service with the Florida Agricultural Experiment Stations.

Dr. Allison, fiber technologist with the Everglades Station, and a native of Stryker, Ohio, joined the stations staff in 1926 as a soils specialist at the Belle Glade branch. In 1933, he was given leave to do special work with the U. S. Soil Conservation Service, and the USDA Bureau of Chemistry and Soils.

The retired researcher, a former chairman of the department of chemistry and soils at the University of Florida, Gainesville, is the main responsible for turning large areas of unproductive land in the Everglades near Lake Ocheechee into fertile farmland.

This land now produces thousands of crates of vegetables and tons of sugar cane yearly.

Chelsie Senerchia, Road Board member District No. 4, State Road Board, of Miami, will participate in the groundbreaking ceremony.

County Commissioner E. W. (Bud) Weaver, who represents the Glades area, will be in charge of the program along the canal bank.

Weaver has named county commission Chairman Lake Lytal to deliver the message of welcome there.

As the project was born here and received the endorsement of area officials, Mayors George Le Bron Williams, Belle Glade; Dun-can Padgett, Pahokee; and Henry Elfers, South Bay, are included on the programs. Williams will welcome the guests at the invitational luncheon while Padgett and Elfers are on the roadside agenda.

Master of Ceremonies for the luncheon program will be Robert C. (Bob) Lee, a former President of the Chamber of Commerce, and Publicity Director for the Sugar Cane Growers Cooperative of Florida Mill.

State Senator Jerry Thomas, West Palm Beach, and Representative Emmett Roberts, a local resident, who was influential in carrying the fight of the committee to the state level, are included on the luncheon program.

Local arrangements are being coordinated by J. D. McClellan, Chamber of Commerce President, who will be assisted by committee members from the three towns nearby.

The unfortunate accident where the Bobbitt three-year-old fell into a manhole operation would not have happened except that a surplus of surface water allowed the excavation to become filled with water after the pump normally used, "had been stopped" said City Manager Huguley.

"We have insisted, and the contractors have cooperated with the requests that extra precautions be taken to prevent such an incident by normal pre-emptive measures, such as continuing to have every citizen to renew his or her interest in their government to the best representation possible."

Marker For Grave Of Billy Bowlegs

A tombstone for the grave of the late Billy Bowlegs, 111, will be provided by the Polk County Historical Commission and the Peace River Historical Society. The two groups teamed together to commemorate their departed friend when they learned that Bowlegs' grave in the Ortona Cemetery lacked a marker.

Bowlegs, who died February 14, at the age of 103 years, was a patriarch of the Seminole Indian Nation and had lived on the Brighton reservation. He was well known throughout the state and had many personal friends in both historical societies.

Taint Fair ... 4 Annual Vacations

Tom Carpenter, producer of hunting and fishing films used in promotional projects for tackle and firearm manufacturers, airlines and breweries, explained the mechanics of documentary film production Wednesday at the Lions Club Luncheon meeting.

Mr. Carpenter, sugar agronomist, enjoys an average of four annual paid vacations while pursuing his life line hobby.

Away on vacation last week, the new president Dick Hodges took over the gavel for the first time at this week's meeting. Dr. Thomas Baker was elected as a one-year director of the Lions, filling the vacancy created by the resignation of G. L. Berryhill.

Boy Staters Home From Tallahassee

This year three boys, Jimmy Jackson, Glenn Wolf, and Eddie Haines represented Belle Glade High School at the annual American Legion Boys State. All were sponsored by the Belle Glade American Legion Post and selected by the Belle Glade High School faculty.

Boys State was a week long, from June 27 to July 3. A theoretical 51st state was formed during this time, complete with city, county, and state governments.

"We were honored to have Governor Haydon Burns speak to us, as well as many other prominent members of the Florida State Legislature," Glenn Wolf reported. Of lesser importance was series of short "Americanism" speeches delivered by the Boys Staters themselves. Each of the seventeen cities selected one representative who later spoke to the entire assembly of six hundred.

"Needless to say these were quite informative and very inspirational," Wolf said. Each of the Belle Glade delegates attained an office other than a city officer. Jimmy Jackson was elected county sheriff, Glenn Wolf, county commissioner, and Eddie Haines, House of Representatives.

Civil Defense Group Gets A 200-Bed Hospital Unit

After a five-year period of application, negotiations and efforts to secure a proper storage place, the Civil Defense Unit in Belle Glade is to receive a 200-bed Packaged Disaster Hospital through the County Health Department and from the State Department of Health.

The unit includes cots, linen, surgical instruments, sterilizers, laboratory equipment, an X-ray unit with a generator using Polaroid film, and a 15 KW generator and an operating room equipment and instruments.

City Manager Tevis Huguley says, "It's certainly comforting to know we have this unit available, even if we never have need to use it."

The Civil Defense organization and the Red Cross Disaster Committee work hand-in-glove in case of a disaster. The medical and nursing facilities of the community are arranged in groups for the most efficient service to the people should a disaster face us under the jurisdiction of either group.

The packaged unit needs a 1,000-square-foot area with a height of six feet, and is so stored that immediate availability is paramount, and immediate functioning is practical.

Mr. Huguley reported to the County Health Unit this week that storage facilities have been made available by the Glades General Hospital, and the shipment is anticipated in the very near future.

The unit includes cots, linen, surgical instruments, sterilizers, laboratory equipment, an X-ray unit with a generator using Polaroid film, and a 15 KW generator and an operating room equipment and instruments.

City Manager Tevis Huguley says, "It's certainly comforting to know we have this unit available, even if we never have need to use it."

The Civil Defense organization and the Red Cross Disaster Committee work hand-in-glove in case of a disaster. The medical and nursing facilities of the community are arranged in groups for the most efficient service to the people should a disaster face us under the jurisdiction of either group.

Boat Launching Ramp In Prospect At Twin Bridges

A boat ramp, has been recommended by Project Leader Robert F. Klatz to his superiors in the Game and Fresh Water Fish Commission for construction at the intersection of the north shore of Torry Island and State Road No. 1-7.

The site size is recommended as "ten acres" with West Avenue developed right away with a boat ramp, parking and camping area — the rest developed as needed.

Week-End Burglars Batting 500 Here

Out of two attempts to burglarize local businesses, one was a total failure — the other was a success. The job at 216 SW 6th St. The second at the Elvitt Wholesale shop on West Avenue A was apparently successful in its intent — 1,886 cartons of cigarettes were removed, and according to present reports, only one Timex men's watch.

The safe at the Meeks store was left badly damaged, but unsuccessfully opened. The job at 216 W. 6th St. indicates that a first attempt to gain entrance through the rear door was foiled by a metal bar, but a hole about 2 x 3 feet in the roof — away from observation from either front or rear — led to an opening in the ceiling.

The cartons of cigarettes, valued at near \$6,000 wholesale, (Continued On Page 4A)

Hennessee Trial Set For Jan. 3

Robert Finley Hennessee, of Jacksonville, is scheduled to appear for jury trial the week of January 3, 1966, in the traffic death of Mrs. Justine Miller, 38, and her 7-year-old daughter Charlene.

The tragic death of mother and daughter occurred last March at the intersection of Second Street and W. Canal Street when the Jacksonville truck driver, traveling north over the bridge, hit the Miller car. Boyd Miller, husband and father of the deceased who was driving the car, was hospitalized two days before he died.

The injuries suffered in the accident. Originally charged with failure to yield the right of way, Hennessee, free on \$4,000 bond, entered pleas of not guilty to two counts of manslaughter.

The charges in criminal court before Judge Russell H. McIntosh.

His higher education was interrupted at that time by service in the U. S. Army Air Corps from which he received an honorable discharge in 1946.

(Continued On Page 6)

DR. H. L. CHAPMAN

Dr. H. L. Chapman Takes Over Duties At One Station

Dr. Herbert L. Chapman, animal nutritionist with the Everglades Experiment Stations, has been appointed animal nutritionist and head of the Ranges Cattle Station, Ona, according to Dr. J. R. Beckenbach, director of Florida's Agricultural Experiment Stations.

The new station head assumes the position vacated by Dr. W. G. Kirk who will devote full time to research upon retirement from administrative duties at the age of 65.

Dr. Chapman, who took over his new duties July 1, was first appointed to the research faculty at the Everglades Experiment Station, Belle Glade, in 1951 and has headed up the animal science program there since being promoted to the rank of associate professor in 1957. He was promoted to full professor two years ago.

The 42-year-old scientist has carried out extensive research in the areas of mineral nutrition and steer feeding. His other achievements include evaluations of various feed additives in steer fattening trials, vegetable by-product and cattle feed.

(Continued On Page 6)

Suggestion that future improvement might be by others — the local community and/or the County.

The finished elevation suggested is twenty feet, above mean sea level with the observation that the ramp "will not be affected by future levels of the Lake."

Members of the Chamber of Commerce Marina Committee, point out that this proposed ramp is a part of the long-time overall plan submitted through its Recreation Committee to Central and South Florida District, with approval and recommendation to the State Recreation Commission.

Experiment Station Welcomes Return Of Dr. Beardsley

DR. D. W. BEARDSLEY

Effective July 1, 1965, Dr. D. W. Beardsley assumed duties as Animal Nutritionist on the staff of the Everglades Experiment Station. This is a "home-coming" so to speak for Dr. Beardsley who began his professional career as Assistant Animal Husbandman at the Everglades Station in 1949.

Dr. Beardsley was born in Moore Haven, Florida in 1923, the son of Mr. and Mrs. J. E. Beardsley, long-time residents of the Clearwater and Bare Beach area. He grew up in the Glades and graduated from high school in Pahokee. He attended the University of Florida from 1940 to 1943.

His higher education was interrupted at that time by service in the U. S. Army Air Corps from which he received an honorable discharge in 1946.

Glades Youth Enjoying Life At Baptist Camp In North Carolina

Patriotism Is Emphasized At Daily Retreat

The Sunday School Board of the Southern Baptist with an altitude of 2,700 feet. Convention, thru the Southern Baptist Assembly, owns a 1,900-acre tract of land sixteen miles east of Asheville on which Assembly meetings, conferences and instructional courses are offered Baptists of the South.

Each camp has a Director and Counselors enough to afford small groups in this intimate association and direction. Junior-scouts and direction. Junior-scouts, many of whom are graduates of the camp, are always hand and "big brothers" to the boys, and the same capacity with girl counselors for the girls camp.

Educational and religious phases of the youngsters life at the impressionable ages are a definite and important part of the formula of daily living.

Patriotism is emphasized at daily retreat! "We saw and talked to the girls and boys from the Glades, and were fortunate to catch the girls boarding a bus for a trip to Cherokee to see the Indian historical play." "Unto These Hills" Publishers Luther Jones vacationing in North Carolina reported.

"All were glad to see anyone from home, and all seemed to be enjoying the outing and associations."

A Thought For The Bible

DOES GOD ANSWER ALL OF OUR PRAYERS?

By Lewis Llewellyn "Ask and it shall be given you. Seek and ye shall find. Knock and it shall be opened unto you."

Does God answer prayer? The Bible says that He does. Many people testify that God has answered prayers for them. At the same time, the Bible clearly states that there are some prayers which He will not grant.

WILL HE HEAR US? "If I regard iniquity in my heart, the Lord will not hear me," says the 66th Psalm.

Jesus told of a self-righteous man who "prayed thus with him self, 'God I thank Thee that I am not as other men are extortioners, unjust, adulterers... I fast twice a week, I give tithes of all that I possess.'"

But, Jesus said, there was another man who "smote upon his breast, saying, 'God be merciful to me, a sinner!'"

The Master added, "This man went down to his house justified." God answered his prayer.

On one occasion, the Bible tells us, Jesus denied the plea of one whom He had just healed. The man had been so oppressed by demons that he lived among the tombs, crying and cutting himself with stones, day and night.

Church Of God Guest Minister Rev. A. Brantley

Rev. Madison W. Sindle, minister at the Church of God here, will be on a working vacation beginning Sunday, July 11, when he will be preaching in Washington, D. C. and also in Poppa, Md., where he was a former pastor at the Church of God.

While he is away, Rev. A. G. Brantley, pastor of the Nocatee Church of God will be filling the local pulpit on July 11 and July 18. Rev. Brantley, his wife and three children will be here for services.

Mrs. Sindle and daughters, Susie and Debbie will accompany Rev. Sindle. Before returning Rev. Sindle will be moving his mother, Mrs. Ella Sindle from New York City to West Palm Beach, where she will make her home.

Rites For Glen Perce Held In Sorbus, N. Y.

The many friends of Mr. Glen Perce will learn with much regret of his untimely death at Good Samaritan Hospital, Wednesday, June 23. Mr. Perce was a Federal-State Inspector with the Department of Agriculture and resided at 800 S. W. 16th St., Belle Glade. Funeral services and burial was in Sorbus, N. Y. Our deepest sympathy to Mrs. Perce during these difficult days.

Thank You

I would like to express my appreciation to the staff of the Glades General Hospital for the fine treatment administered to me during my recent illness. Sincerely, Mark David Mstsz, West Point, Nebraska.

Willing Workers Band Sponsoring Dinners

The Ladies Willing Workers of the Church of God have elected new officers as follows: President, Mrs. Juanita Bearden; vice-president, Mrs. Floyd Eliza; secretary, treasurer, Mrs. Patsy Hawkins.

The local band won an award in the Okeechobee District for the amount of money raised for the church, by putting on dinners.

Thursday at noon (today) the Willing Workers Band is sponsoring a dinner of Catfish, hush puppies, salad and iced tea or meat loaf, mashed potatoes, beans and ice tea, either dinner donation \$1.00. Saturday they will be serving a Fried Chicken dinner, potato salad, green beans, iced tea, half children donation \$1.25, quarter children \$1.00. Free delivery on the dinners may be had by calling 996-5782.

Proceeds of the dinners are used toward the church building fund.

North Carolina Youth To Visit St. Peter's Lutheran Church

On Saturday, July 10th, 12 Walther Leagueurs of Christ Lutheran Church in Hickory, North Carolina will arrive in Belle Glade to spend a workshop week at St. Peter's Lutheran Church. During this week these youth, along with those of St. Peter's, will clean up the outside of the church that it might match the new Educational Building now under construction at St. Peter's Lutheran Church. This cleaning will be done in the mornings.

In the afternoons, the Youth will canvass the community of Belle Glade to determine the Church affiliation of the citizens. We pray for the cooperation of the citizens of the city during this canvass. The census is on Sunday, July 11.

Closing Services For VBS July 9

The Vacation Bible School at St. Peter's Lutheran Church in Belle Glade will conclude with a Closing Worship Service Friday night, July 9th at 8:00 p. m. At this time the children will lead the congregation and public in worship through speech, song, and praise, as they carry out the Bible School's theme "God's Children Pray." On display in the narthex of the church will be the Art Projects which the children completed during the two week's Bible school.

All are invited to the special worship service at which time Certificates will be presented to the students and to the following workers: Jackie Baughman, Linda Christensen, Katherine Duda, Sayde Duda, Theresa Duda, Dorothy Fuller, Mike Kirshman, Willie Kirshman, Jerry Nehls, Bobby Strong, & Loretta Roseman.

We also would like to thank the Belle Glade Herald and Station WSWN for the fine publicity during our VBS, as well as the many local firms that allowed us to place posters in prominent locations.

TODAY'S meditation

Chaparral Room

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read Romans 7:18 through 8:2 In Christ Jesus the life-giving law of the Spirit has set you free from the law of sin and death (Romans 8:2, NCB).

Paul had been brought up in a strict religious atmosphere, yet as a young man he was unhappy in his spiritual life. No matter how hard he tried to keep the Law he felt himself a prisoner of sin.

Then, in a dazzling experience on the road to Damascus, he met Jesus! His whole outlook was changed. He came to see that the living Christ could set him free from "the law of sin and death."

John Wesley was probably thinking of Paul's words when he wrote about his heartwarming experience. He said, "An assurance was given me that he (Christ) had taken away my sins, even mine, and saved me from the law of sin and death." Freed from his doubts and fears, he set out on his effective work of winning others to Christ.

Our personal spiritual experience may be less dramatic. But through dedication and worship, meditation and Bible study we, too, will find ourselves freed by Christ for service to Him. PRAYER: Almighty God, we praise Thee for sending Thy Son, Christ, to free us from bondage to sin. May we henceforth follow His example and live not for ourselves but for others. In His name, Amen.

THOUGHT FOR THE DAY "If then the Son sets you free, you will indeed be free." Cameron F. McRae (New York)

The boys group: (1 to r) Ken Bryant, Director, Craig Pate, Jerry Williams, Tom Faulk, Mike Royal, Stephen Pate, Robt. Mathews III, Reid Tillery (Pahokee) - Jr. Counselor. Archery field is shown in the background and the Totem Pole for Indian talkests and councils is also shown.

GLADES CHURCH NEWS....

JULY 8, 1965 THE HERALD, Belle Glade, Florida 2A

Evening Of Fellowship Enjoyed At Boland Home

Rev. and Mrs. W. R. Boland entertained their friends and members of Community Methodist Church, following services Sunday night, at their home, 101 N. W. 11th St. The guests enjoyed an evening of fellowship and fun.

Assisting in the serving were Mrs. Robert Bussey and Mrs. R. V. Allison.

The American Water Ski Association has its headquarters in Winter Haven.

WATERS

Who would guess that just out of sight there's a six-lane turnpike! Thousands of people drive past this peaceful place every day, and never know it exists. Occasionally, through a break in the sheltering trees, someone glimpses shining water and green pastureland in the distance... then the road curves, and the lovely scene is forgotten.

Many travelers hurry along life's road with empty hearts and unseeing eyes, never realizing what the transforming beauty of the Christian faith could mean to them. Because they always expect to find happiness around the next bend, they overlook the still waters of spiritual peace.

In the quiet, hallowed atmosphere of the Church, God answers man's deepest needs. Through prayer and worship, our souls are strengthened and restored. And when we continue our journey, we are not alone. God is with us.

Kids Loved Watermelon Eating Contest At City Park!

WINNERS — In the older group were Johnny Van Sickle, 10, (right) and Kathy Phillips, 12 years old. Joni Whitlock, 8 (in back-right) years old, and Mark Foster, 5, (back to camera) were champs in the younger contest group.

OH, HE, WON'T THEY EVER START! Minutes dragged for these youngsters as they to be served. Coaches Mike Shiver and Riley Foster were kept plenty busy cutting watermelons to feed the eager contestants. In photo — Billy Baker, Kenny Robinson, Frank Claus, Junior Van Sickle, Kenny Foster, Eddie Craft and Billy Webster, plus two unidentified visitors.

"WE WANT WATERMELON!" the children cried out, before contest got underway. Mrs. Jerry Robinson, supervisor for the smaller tots, kept on a run settling them down for the event.

Summer Recreation Program Attended By 200 Children

"There's nothing that is finer than a watermelon vine," seemed to be the opinion of over 200 youngsters who participated in the Watermelon Eating Contest at the City Park Friday.

Johnny Van Sickle and Kathy Phillips were the winners from the older group; Joni Whitlock and Mark Foster from the younger group.

Danny Griffin was judged the fastest eater.

Supervising activities at the Park daily are Mrs. Jerry Robinson for the younger children, and Riley Foster and Mike Shiver coaches for the older group. This is the first time high school boys have served as coaches for Belle Glade's summer recreation and two 17-year-olds, Riley Foster and Mike Shiver are program directors along with Mrs. Jerry Robinson who supervises the younger group. Both boys are seniors in this school year and have participated in football, baseball, track meets and other athletic events at the High School.

The Watermelon Contest was the first "Special Event" this year, but more are coming — and tomorrow's will be a Pet Show. A Special Race Day is planned before the program closes and will feature sack races, potato races, three-legged races and others.

Daily attendance has averaged about 125, Coach Riley said, and children range in ages from 8 years up. The program, sponsored by the City of Belle Glade, is open daily Mondays through Fridays from 9-12 and 2-5 p.m.

Daily events include: Softball 9 to 10 a.m.; Kick Ball, 9 to 10 a.m. for smaller children; Croquet, 10 to 11 a.m.; High Jump, 11 to 12.

Afternoons — Badminton and Ping Pong, 2 to 3; Shuffle Board 3 to 4 p.m.; Football, 4 to 5 p.m.

Special Event

Friday, July 9

AT

Belle Glade City Park

WILL BE A

"PET" SHOW

The Park is open 9 a. m. to 5 p. m. daily, Mondays through Fridays, for the Summer Recreation Program being sponsored by the City of Belle Glade.

PBJC Designated For Teacher Exams As Test Center

Palm Beach Junior College has been designated as a test center for administering the National Teacher Examinations on July 17, Elbert E. Bishop, Registrar, announced.

College seniors preparing to teach and teachers applying for positions in school systems which encourage or require applicants to submit their scores on the National Teacher Examinations are eligible to take the tests.

Since the same examinations will be given in various centers at the same time, prospective teachers in this area will have an opportunity to compare their performance with those of other candidates throughout the country, Mr. Bishop said.

At the one-day session a candidate will take the common examinations, which include tests in professional education and general education. He may also take one of the thirteen teaching area examinations which are designed to evaluate his understanding of the subject matter and methods applicable to the area he may be assigned to teach.

Bulletins of information describing registration procedures and a list of examination centers may be obtained from Elbert E. Bishop, Registrar, Palm Beach Junior College, 4209 Congress Avenue, Lake Worth, Florida, or directly from the National Teacher Examinations, Educational Testing Service, Box 911, Princeton, New Jersey. Prospective teachers planning to take the tests should obtain their bulletins of information promptly, Mr. Bishop advised.

The defense department is expected to keep the draft to be sure to have plenty of caution for Viet Nam and also as an incentive to marriage. — Boonville (Mo.) Cooper County Record

The son-in-law down the way says he doesn't want one of those cars that ride quieter if he can hear a back-seat conversation.

Soils Scientist

(Continued From Page 1)

Following seven years at the Everglades Station, Dr. Allison joined the Soil Conservation Service where he was in charge of soil and water conservation investigations. During this time he visited more than a dozen erosion experiment stations throughout the country.

In 1937 he came to the University of Florida as chairman of the chemistry and soils department with the College of Agriculture. He was also soils

Week-End Burglars

(Continued From Page 1)

had state stamp already applied so that if the thieves are caught the state has no complaint for offering cigarettes on which state tax had not been paid.

The store had no attendant from 9 a. m. on the Fourth, and the burglary was discovered at 6 a. m. on the 6th.

Police have an abundance of fingerprints apparently made by the cigarette operators, and it is felt that an order for the cigarettes had been received before the breaking, probably by some retailer in a distant community.

"Altogether, law violators have been taking a vacation so far this summer," says Acting Chief Bill Mathis, when asked "How's crime?"

conservationist with the Extension Service.

Dr. Allison returned to the Everglades Station seven years later as vice-director in charge, and was appointed fiber technologist in 1952.

Before joining the Experiment Stations, he was an assistant bacteriologist with a commercial solvents corporation in Indiana, where he dealt with the biological production of acetone from corn.

He received his B. S. degree from Purdue University in 1920, his M. S. at Rutgers a year later. In 1923 he was awarded his Ph. D. at Rutgers. Dr. Allison did post-doctorate research at England's famous Rothamsted Station on the microflora and microfauna of American soils.

He is a member of Theta Chi, Alpha Zeta, Sigma Xi, Kappa Delta Phi, fraternities. He is also a member of the American Association for the Advancement of Science, American Society of Agronomy, International Society

of Soils Science, Soil Science Society of America and Soil Sci

Dr. Allison has written numerous Experiment Stations bulletins and papers and also published a book entitled, "Soils of Cuba."

Dr. and Mrs. Allison live in Belle Glade. They have two married daughters.

The moment a marriage knot is tied the groom has less rope. — Bramson (Mo.) Beacon

INVALUABLE PROTECTION

A spokesman for the Chamber of Commerce of the United States has something of unusual interest to say about the drive to repeal Section 14(b) of the Taft-Hartley Act — the section which permits states to adopt Right-to-Work laws. Last year, he recalled, Congress passed a law outlawing job discrimination on the basis of color, race, religion, or sex. But now, he went on, the present Congress is debating whether to legalize discrimination in employment because of membership or the lack of membership in a private organization — a labor union. It will be interesting to see how Congress can double-talk this issue. It is difficult to see how anyone could reconcile repeal of 14(b) with Congress' previous legislative action. To discriminate against a man because he does or does not want to join a union is certainly as bad as to discriminate against him because of the color of his skin or the church he attends. No man is free when the right to earn a living is conditioned upon forced membership in any organization.

A good union has nothing to fear from 14(b). It will gain and hold its membership on the basis of services rendered. But when membership is compulsory, there is no need to provide good and effective service — the rank and file are helpless. Right-to-Work provides them with an invaluable protection.

GRASSROOTS OPINION

ROCKVILLE, MD., MONITOR: "What this country needs . . . before it drops more billions of tax dollars into welfare and antipoverty programs . . . is for someone to come up with a few clear, concise answers and/or illustrations on just what, if anything, these astronomical billions are buying and/or accomplishing. Federal-state welfare programs alone currently are costing us in the neighborhood of five billion a year. Something like 41 separate antipoverty programs which will cost the taxpayers 16 billions in 1964 are in the hands of six separate Federal agencies."

FAULKTON, S. D., RECORD — "Government in business usually operates at a loss and competes with private industry. We have occasion to know that here at the Record office because the government sells printed envelopes. Now it develops that in the past four years government envelope printing has resulted in the \$7,500,000 loss. You and we have had to underwrite that loss, Mr. Taxpayer. It's just peanuts for the government but the envelope business that the post office gets would improve our business substantially."

LAKE CITY, S. C., TIMES-HERALD: "Public welfare should be a vehicle for raising the standards of the recipient, not a reward for indolence and depravity, says Judge Juanita Kidd Stout of Philadelphia. . . . I have the deepest sympathy for the good mother struggling to bring up her children on a welfare grant. . . . But I deplore a system that regards the handing out of checks as its prime function, that subsidizes the lazy and immoral home with the taxpayer's dollar . . ."

INDIANOLA, MISS., ENTERPRISE-TOSCIN: "There is no law in the (United States) against Communism, says the President, and it is still a Free Country. We fail to understand why we have no law against Communism in this Country and still send our troops into foreign nations to give their lives fighting something that is allowed at home."

By Senate

MILITARY CONSTRUCTION AUTHORIZATION BILL PASSED BY SENATE

Early this week the Senate unanimously passed the military construction authorization bill. Since the total amount approved was less than either the budget request or the House-passed version, the measure must now go to conference to reconcile the differences. The Senate bill authorizes \$47,488,000 for Navy and Air Force installations in Florida. Among the larger individual items are the following: Jacksonville Naval Air Station, \$11,595,000; MacDill Air Force Base, Tampa, \$9,279,000; Sanford Naval Air Station, \$7,240,000; Tyndall Air Force Base, Panama City, \$2,991,000; Eglin Air Base, Valparaiso, \$2,684,000; Pensacola Naval Air Station, \$2,293,000. The bill also authorizes a total of 930 housing units at Key West Naval Base, Eglin Air Force Base and Pensacola Naval Air Station.

FOUR ADDITIONAL FEDERAL JUDGESHIPS IN PROSPECT

If approved by the House, a bill which cleared the Senate Wednesday will create four additional federal judgeships to supplement the eight which now serve the three districts in Florida. The bill, S. 1666, empowers the President to appoint one additional judge in the Northern District of the state, one in the Middle District, and two in the Southern District. The bill also confirms the present roving judge as a permanent judge for the Middle District. I am hopeful that it will receive House approval, for it relieves the crowded dockets in our state.

Rogers Commends Legislature On Redistricting Action

The following is the text of a statement made by Congressman Paul G. Rogers on the redistricting action taken by the Florida State Legislature:

"The Florida State Legislature is to be highly commended for their equitable redistribution of Florida's 12 Congressional districts in line with the state's population. The people of South Florida should particularly congratulate our area delegations to Tallahassee for their successful efforts to secure an additional District."

"By dividing the present Sixth District, Florida's largest, into a new 9th and 10th District, the Legislature has recognized the rapid growth of South Florida."

"I have enjoyed a lifelong association with the people of Broward County, and hope to maintain this fine relationship in the future even though it will not be my privilege to represent Broward County in the Congress after 1966."

"The new 9th District, which will include my home county of Palm Beach is to be made also of Martin, Glades, Hendry, Collier, and Lee which I have had the pleasure to represent for 12 years, and St. Louis, Indian River, Okeechobee and Charlotte, which I served for 8 years prior to 1962. Having worked closely with the counties to be included in the new 9th District for so many years, I know it is a dynamic area of great importance to Florida's progress, and I look forward to continuing my close association with all my many friends in this area."

LEGISLATIVE TEMPO QUICKENS

With much of the essential committee work completed on pending legislation, the tempo in the Senate has quickened. In addition to the aforementioned bills, the Senate in the past week has approved legislation to (1) provide regulation and control of manufacturers of de-presant and stimulant drugs; (2) establish the types and amounts of metal to be used in production of coins; (3) extend the Juvenile Delinquency and Youth Control Offense Act; (4) continue the duty exemption on incoming scrap metal; (5) re-establish the tariff exemptions for citizens returning from foreign travel to grant a duty-free allowance on merchandise having a wholesale value of \$100. We also passed three health bills and the District of Columbia appropriations measure, and approved the conference report on the Treasury-Post Office appropriations bill, thus clearing it for Presidential action. I supported all of the bills passed, and in the case of the travelers' tariff exemption measure I stood with those who were successful in amending the bill so as to raise the limit on tax-free merchandise to \$100 from the \$50 recommended by the Administration.

COLLINS CONFIRMED

On Wednesday of this week the Senate confirmed the nomination of former Florida Governor LeRoy Collins to serve as Under Secretary of Commerce, which is the ranking position beneath the Secretary. Earlier in the week I appeared before the Senate Commerce Committee to support the nomination in behalf of Senators Smathers and myself. I am confident that Governor Collins will fill the position in excellent fashion.

ATTENTION AGAIN DIRECTED TO LABOR DEPARTMENT'S MUDDLING IN FOREIGN FARM LABOR FIELD

I joined with Senators Murphy (Calif.), Randolph (W. Va.) and Kuchel (Calif.), and Alfort (Colo.) this week in again directing Senate attention to the critical housing situation existing in a number of states because of the Labor Department's stubborn and impractical attitude with respect to permitting the use of foreign agricultural workers to supplement the insufficient pool of qualified domestic labor. A principal point of my remarks in this most recent of several floor speeches on the subject was to refute the frequently expressed but mistaken opinion that the intent of Congress, in permitting Public Law 78 (the so-called bracero bill) to expire last December, was to prohibit the future use of foreign agricultural workers. Nothing could be further from the truth. As a matter of fact, Florida and the whole Eastern part of the nation have never brought off-shore workers into the states under Public Law 78. Our authority has been the provisions of Public Law 414, which is still on the books. In setting the record straight, I documented this with a number of exhibits and excerpts from committee hearings and Senate debates dating back to the beginning of the bracero bill and continuing to the last Congressional action in 1963, in all of which it was made clear that the bracero legislation would in no way pre-empt or interfere with the provisions of Public Law 414. I also introduced proof this week of the heavy and needless financial losses sustained by Florida growers this year, and read into the record strong evidence rebutting the Labor

Department's position that Florida growers have suffered no losses from labor shortages. We intend to hammer away at this problem until a fair solution is obtained.

Uncle Dan Says:

Dear Mister Editor:

The fellers at the country store Saturday night was about decided that, next to poverty, the biggest problem in this country today was the automobile. Ed Doolittle was reporting some figners he had clipped from one of them Government agencies about folks getting killed walking on our streets and highways.

First off, Ed reported, wim-men was safer walkers than men on account of these figners fer 1964 showed only 70 percent of folks killed was wim-men. But 23 per cent of them pedestrians killed, had been drinking, 9 out of 10 had never drove a car, and 38 per cent of them was over 64 years old.

With a mess of stew beef like that, allowed Ed, it was hard to tell from the figners who had ought to be walking on the highway and who had ought to be riding a mule.

Furthermore, said Ed, it was gitting to be a big problem fer folks driving cars. He claimed he had saw a piece in the papers where a Judge sentenced a feller to one year in jail fer running over a hitch hiker. Ed said it had come to the point where it was about as risky to run over a hitch hiker as to pick one up.

Zeke Grubb was agreed with Ed, claimed everybody was panging up on car drivers. He reported he was reading a piece where some feller in Chicago had patented a parking meter that automatic turned back to zero when a car pulled out of the parking space. This was going to stop all freeloading on unused time, said Zeke. According to Zeke, the way this meter worked it is sends out some sort of rays and if they wasn't reflected back by a car in the parking space, the meter flipped back.

All of the fellers was agreed, Mister Editor, that this was about as sneaky as sneaky can git and they was surprised that President Johnson would allow a thing like this in the Great Society.

Clem Webster, that is the official press agent for the Great Society in our community, reported the Russians was leaning in that direction. He said he had saw a piece in the papers where the Kremlin had took the restrictions off wim-men's hats.

Up to this time, the piece said, Russian wim-men couldn't wear nothing but simple head coverings, but now they was allowed to make 'em out of fruit baskets and rabbit tails like American wim-men.

I reckon, Mister Editor, you'd call this sorter taking the lid off the lid. Judging from what I have saw of wim-men's hats in the last 30 year, I figured they was beyond control or reason anywhere in the world. Just goes to show you how far them Russians has went in the direction of trying to do the impossible.

Yours truly,
 Uncle Dan

City Products Leads By Three Full Games In Softball League

League-leading City Products won Glades Fast-Pitch Softball League games from I. A. M. Local No. 37, 4-3 in eight innings, and Rashley's Dry Cleaners, 10-0 in an abbreviated contest that was halted in the sixth inning with the 15-run rule being exercised, to increase their lead over the nearest competitor, Rashley's, to three full games.

Alvy Early drove a line drive home run over the centerfield fence in the eighth inning to lift City Products over I. A. M. 4-3, after Phil Bonnell had dramatically tied the game in the seventh inning with a clutch home run. Jim Tyson had given City Products a 2-0 lead before anyone was out in the first in-

ing with a two-run homer, but an error-plagued fourth inning put I. A. M. out front 3-2 until Bonnell's blow in the seventh. Losing pitcher Perry Rigdon (0-2), only allowed one hit from Tyson's homer in the first until Bonnell and Early connected in the seventh and eighth. Bonnell struck out a record 18 batters and only gave up only a double and single to record his tenth pitching victory.

Second place Rashley's Dry Cleaners battled City Products on even terms for four innings Saturday night and then the Icemen bombed Earl Vann for ten runs in the fifth and sixth and the game was halted in the middle of a rally because the

10-run rule. Buddy Lampi singled in the first two City Products runs. Jeff Barwick drove in another, and Alvy Early hammered a three-run homer to put icing on the cake for Bonnell as the big right-hander struck out eight more hitters to give him 124 for the season and push his record to 11-1. This was the third time in as many games that the Icemen have beaten the second place chal-

lengers. Loxahatchee's Prison Farm snapped a 3-game winning streak for Glades Chevrolet, 13-12, narrowly holding on after at one time leading 12-0, to move into fourth place. Glades Chevrolet bounced back with an 11-3 pasting of I. A. M. to drop the Local 37 team to fifth place. Fred Kemp drove two runs, as did winning pitcher J. Meadows with a triple helping.

move his pitching record to 6-5, the second most wins in the league.

Boating Education
Is Key To
Safe Waterways
To keep our recreational waterways, safe, boat owners must combine courtesy and common sense with a sound knowledge of boating and navigational principles, according to the American Insurance Association.
The Association advises small craft owners — especially those with limited experience — to enroll in courses of instruction offered by the U. S. Coast Guard Auxiliary, power squadrons and other boating organizations.
Good boatmen — like good automobile drivers — are made, not born, the Association maintains. Whether a motor boat becomes a pleasure boat or a menace to life and property depends on how it is cared for and operated.
—Obituaries—
MRS. MARY SAWYER
PEACOCK
Services for Mrs. Mary Sawyer Peacock, 56, of Osceola Center, who passed away in West Palm Beach Thursday, July 1 at 11:50 A. M. after a long illness, were conducted at the J. W. Harvey Chapel Funeral Home at Ft. Myers Saturday, afternoon at 3 o'clock. Reverend William B. Peberick, Methodist minister of Fort Myers officiated.
A native of Kissimmee, Fla., she was born Sept. 3, 1914 and had been a resident of Osceola Center, Belle Glade for the past 11 years. Until the time of her illness she was employed as saleslady at Royals Department Store. She was a member of the Methodist Church of Ft. Myers.
Survivors include her husband, Pete Peacock, D-1 Osceola Center; one stepson, William Peacock and one stepdaughter, Mrs. Juanita West both of West Palm Beach; mother, Mrs. George Sawyer, Fort Myers; one brother, Dr. Donald Sawyer, Gainesville; two sisters, Mrs. Virginia Surrency of Pensacola and Mrs. Marjorie Flock of Daytona Beach.
Interment was in the family plot in Ft. Myers Cemetery.
Mixon Funeral Home was in charge of arrangements.

Investors Mutual
Pays \$25 Million
Quarterly Dividend
The Board of Directors of Investors Mutual, Inc., has declared a quarterly dividend of 11 cents per share payable June 25 to shareholders of record at the close of business on June 24, 1965. Harold K. Bradford, chairman and president, announced.
This dividend for the third quarter of the Fund's fiscal year compares with 10 one-half cents per share paid at the end of the preceding quarter and 10 one-half cents per share paid a year ago. The dividend will be distributed exclusively from dividend and interest income. It is the 99th consecutive dividend paid by the Fund.
Investors Mutual, Inc., the World's largest fund, now marking its 25th anniversary, is the oldest of five mutual funds for which Investors Diversified Services, Inc., provides investment advisory and distribution services. Assets of the fund are currently in excess of \$2.8 billion. Shares outstanding number approximately 228,575,000 compared with 204,833,000 a year ago. The total dividend will amount to approximately \$25,100,000 and will be distributed to 421,500 shareholders.

Boy Scout Troop 601 Attends Summer Camp

Boy Scout Troop 601, sponsored by St. John's Episcopal Church, attended summer camp this past week at Camp Tanah Keeta. This annual event is attended by Boy Scouts and Scout leaders of all troops of the

Gulf Stream Council.

Needless to say, this was a week of excitement, fun and work for the boys.

The troop won second place in camp area inspection for the week. Also, the troop won third place in the Water Carnival events.

Scouts in attendance were: Steve Berthill, Terry Miller, Sonny Crawford, Paul White, Dick Snow, Jeff Hooker, and Brian Moore. Mr. Reginald Lewis was troop leader.

American Legion Posts And Units Conduct Joint Installation Rites

Over 100 were present for the joint installation of officers of the American Legion Post No. 20 and the American Legion Post No. 161 of South Bay at the American Legion Hall, Belle Glade.

Auxiliary Units of both Post 20 and 161 were also installed. Ninth District Commander John F. Penney and his installing officers officiated.

POST NO. 20 INSTALLATION Wilson Rivena was installed as Post 20 Commander. Other officers installed were: Hiltson Bonard, first vice commander; Floyd Smith, stand-in for Ed Hart, second vice commander; Robert Hill, third vice commander; Russell Alton, adjutant; Rufus Smallwood, Sgt.-at-arms; J. D. Brooks, assistant Sgt.-at-arms; Lawrence Wilb, historian; Jim Graham, Finance Officer; Guy Wilson, chaplain.

Serving on the executive committee were Jesse Morris and Richard Burris, one year; Carroll Nelson and Junior Dean, two years; Cecil Bair Tilley and Bashley, three years.

Installing the Auxiliary officers for both Post 20 and Post 161 was ninth District President Elizabeth Moutour of Miramar.

Mrs. Mildred Josephine Larick of Lake Harbor was installed as president of the American Legion Post 20 Auxiliary Unit.

Other officers installed were: first vice president, Mary McLeod; secretary-treasurer, Collette Motes; Chaplain, Edna Giese; Historian, Vivian Arney; Sgt. at Arms, Jane Rishley; Assistant Sgt. at Arms, Alice Rigdon.

POST NO. 161, SOUTH BAY Vernon Henderson was installed Commander; Sam Henderson, first vice commander; Roland Plank, second vice commander; Jim Graham, Finance Officer; Guy Wilson, chaplain.

Auxiliary Unit officers installed were Mrs. Bonita Henderson, president; Barbara Austin, secretary; Winnie Plank, Secretary; Bill Hartline, treasurer; Ann Peacock, historian; Verda Higginbotham, chaplain; Sergeant-at-arms, Margie Henderson; assistant sergeant-at-arms, Betty Lou Boyer.

Preceding the installation a dinner was catered by Evia Dunlap of the Cottage Grill. Among the out of town guests were Circuit Judge S. Robert Hewitt and Sheriff Martin Kellenberger, both legionnaires.

Rust Resistant Ryegrass For Florida Growers

Ryegrass is no stranger to those looking for a green lawn or pasture during Florida's cool months.

However, leaf rust is a major problem and hampers the useful period of the grass, according to researchers with Florida's Agricultural Experiment Station.

However specialists have now developed a variety highly resistant to the leaf rust disease. Because of this and other desirable characteristics, Florida Rust Resistant ryegrass is being released to Florida's growers.

Following tests in 1963, researchers reported that data show no significant difference between the forage yields of the new variety and Gulf variety.

Since ryegrass does not produce large amounts of forage until late winter or early spring this is an important factor the researchers say.

Tests have shown that about 90 percent of Florida Rust Resistant plants are highly resistant to leaf rust while common ryegrass is completely susceptible to the disease.

Ryegrass is often used in Florida and the South to over-seed pastures, in mixtures with oats or other small grains to lengthen the grazing season.

When planted in a permanent pasture and allowed to produce seed, it may be used and volunteer for several years.

The plant is also extensively used for fall seeding on lawns, golf courses, parks and other public and private places. Color and texture are good when fertilization and moisture are adequate and temperatures are cool.

SOUTH BAY AREA NEWS

PHONE REV. JAMES A. FENTON

Mr. and Mrs. Ralph Newman and Mr. and Mrs. Lee Eckman are back home from their native northern states and report a very enjoyable trip.

Mr. and Mrs. Eckman stopped off in Pennsylvania, visiting with relatives in Charleroi and Fayette City, while the Newmans continued on to spend the month with their families in Buffalo, New York.

Mr. and Mrs. Howard Woodham, Randy, Brent and Mark, and Mrs. W. R. Price, with their children, John, Darlene and Kenney, enjoyed an outing at the beach for the July 4th holidays.

Mrs. Faye Tillman and children Tim and Camille spent the 4th of July weekend at Ft. Myers Beach, enjoying the holiday with her brother, Billy Mackey and his family.

Larry Bowen, son of Mr. and Mrs. J. C. Bowen of South Bay daughter Mrs. Naomi Walker, is attending the summer session of St. Leo College through August 8th.

Mrs. Mattie Wingfield of West Palm Beach is spending the week in South Bay with her daughter Mrs. Naomi Walker.

Buffet Barbecue

Marks Anniversary

The weatherman was considerate, the food delicious and with the family all together an enjoyable day marked the 25th wedding anniversary of Mr. & Mrs. Jack Mathewson, observed at the Howard Woodham home last Saturday, July 3.

Barbecued ribs were turned to perfection by the couple's two sons-in-law, Howard Woodham and W. R. Price, while their three daughters, Dorine Woodham, Margene Price and Mary Mathewson prepared a variety of tempting dishes for the buffet-style event.

Others who were with them for the afternoon were Mr. and Mrs. Lee Eckman, Mrs. Cora Price and the six grandchildren, Randy, Brent and Mark Woodham and John, Darlene and Kenneth Price.

Mr. and Mrs. Mathewson were remembered with some lovely gifts.

Tax Collections

Ahead Of Last Year

Collections of 1964 taxes for the City of South Bay show fewer delinquencies than for the previous year, with \$1,642.33 to unpaid bills. Delinquent tax roll for 1964 totals \$2,765.98 against 1963's \$4,403.33.

July 29 is the final day for payment before public auction sale to be held at South Bay City Hall at 12:00 noon on July 30th, according to City Clerk Herbert A. Craig.

Attending Convention

Mrs. Buck Cobb of South Bay accompanied by her mother, Mrs. J. H. Kinard and her sister Miss Irma Jean Kinard, are attending the convention of the Church of God of Prophecy at Ocoee, Florida, July 7-11.

Cypress Gardens has the oldest continuous daily show in the world.

Mrs. Houston Attends Women's Executive Council At B. W. A.

Mrs. Amelia Houston, who is on the women's executive council, attended the Baptist Women's Congress recently held in Miami and Miami Beach, June 24 to 28.

Mrs. Houston was in the sessions of the women's special meetings, and reported some of the highlights including an address by Mrs. Edna Giese of Canada who was re-elected for her second term of five years as president, and the participation of the Florida Memorial College Choir of St. Augustine.

Mrs. Grace Sagie of Nigeria gave a wonderful talk at one of the sessions on "Christian Women in Today's World... Emphasis on Africa." Dr. J. H. Jackson, president of the National Baptist Convention cooperation, also gave an address. On Monday the Houston Baptist College choir presented several numbers and Mrs. O. D. Wiley of England spoke on "The Fellowship of Baptist Women."

The main business item which was changed was six votes for vice president instead of the three, in the constitution.

Only the No.1 man's got the No.1 buys: your Chevrolet dealer

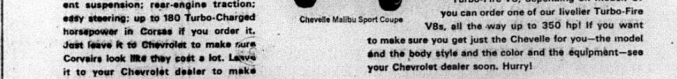

(See him now!)

THE NO.1 MAN'S GOT THE CHOICE YOU WANT (MODELS, STYLES AND COLORS) IN HIS NO.1 CAR: CHEVROLET. Models? Impalas, Bel Airs, Biscaynes, Styles? Sedans, coupes, convertibles, wagons. Colors? Black, white and most everything between. Engines? Even the new 325-hp Turbo-V8 you can order. Boys? There's no better time to get yourself into the No.1 car. Just see the No.1 man now at the No.1 place (where the sign says "Chevrolet")!

THE NO.1 MAN'S GOT THE POWER YOU WANT (THIRTY SIX OR BIG V8) IN HIS MIDDLE-SIZED CAR: CHEVROLET. If you like your car neat-er and nimble, the No.1 man's got it in Chevelle. Standard engine is a husky Six or a powerful Turbo-Fire V8, depending on model. Or you can order one of our livelier Turbo-Fire V8s, all the way up to 350 hp! If you want to make sure you get just the Chevelle for you—the model and the body style and the color and the equipment—see your Chevrolet dealer soon. Hurry!

THE NO.1 MAN'S GOT THE STYLE YOU WANT IN HIS REAR-ENGINE FUN CAR: CORVAIL. What sporty style it is: every Corvair coupe or sedan's a hardtop now. And what sport driving it Corvair: four-wheel independent suspension; rear-engine traction; easy steering; up to 180 Turbo-Charged horsepower in Corvair if you order it. Just leave it to Chevrolet to make sure Corvairs look like they cost a lot. Leave it to your Chevrolet dealer to make sure they don't.

Like Peaches? Plenty Of 'Em!

Fresh peaches - for out-of-hand eating, salads, and desserts - top the U. S. Department of Agriculture's list of plentiful foods for July.
